Oct 2022 — Present   **Transilvania University**   *Brasov*

Electrical Engineering and Computer Science

04 PERSONAL PROJECTS

Lurk, the Discord bot

With its many features, Lurk is a Discord bot that can be used to improve server interactions. Lurk is implemented in Python and uses external APIs to retrieve information about anime and manga from MyAnimeList in response to user commands and queries.

GitHub Repository

Hospital Managing System

Developed a healthcare management system using C++ to streamline patient record management, appointment scheduling, and doctor information maintenance.

GitHub Repository

Drudev

Created a portfolio website using HTML, CSS, and JavaScript. Seamlessly blends responsive design, engaging interactions, and fluid animations.   GitHub Repository
